Sonoma Forge Showers Selected by Four Seasons Hotels and Resorts

An artful asset in today's upscale hospitality environments, the versatile WaterBridge Exposed Shower System blends metal muscle with five-star luxury

(Petaluma, CA, May 16, 2018) Sonoma Forge proudly announces that Four Seasons Hotels and Resorts has selected their WaterBridge Exposed Shower System for the exotic outdoor shower locations at three of their top resorts. The industrial chic-inspired design can be found tucked into the lush landscape at resorts on the Hawaiian Islands of Oahu and Lanai as well as along Bahrain Bay in the Persian Gulf. Bridging the gap between high design, versatility, and function, a WaterBridge system makes a luxurious statement in any shower environment, inside or out.

"It's humbling for one of the world's top hoteliers to recognize the unmatched beauty and adaptability of our WaterBridge Exposed Shower System. Not only do the showers reflect our signature industrial chic look, but they're durable enough to stand up to the rigorous demands of a luxury pool or spa environment," says Sonoma Forge president, Erik Ambjor. "And though they're great outdoors, WaterBridge showers are perfect inside, too. Their detailed styling lets them blend beautifully into any home or hotel."

An array of choices allows homeowners and designers alike to create a completely customized shower. And installation is easy because Sonoma Forge offers adjustable wall brackets in case the wall is not plumb as well as concealed hardware for seamless installation directly onto glass. With optional accessories such as Hand Showers, Foot Wash, and choice of Waterfall Spout or Elbow Spout the ideal system can be created for each space. Plus, additional elements include a line-up of Lavatory Faucets, Bar Faucets, Roman Tub Fillers, and coordinated accessories, which all mirror the simple, yet strong style of WaterBridge.

Pricing for the WaterBridge Exposed Shower System ranges from \$3,000 to \$8,600. Available finishes include Rustic Copper, Rustic Nickel, Satin Nickel, and Oil-Rubbed Bronze as well as a variety of special order options. Custom designs are also available on a special-order basis. And like all Sonoma Forge designer faucets and fixtures, the WaterBridge Exposed Shower Systems are made in America.

About Sonoma Forge

Located in the heart of Northern California's wine country, Sonoma Forge's roots are steeped in a rich history of industrial foundries where craftsmen hand forge metals. We celebrate the art of skillful metalworking and machining by highlighting the beauty of metal in our unique line of designer faucets and tub fillers, dramatic shower systems, and coordinated bath accessories. Our distinctive product line offers homeowners refreshing design options with a decidedly masculine sense of style that enhances any setting, whether urban loft, country villa, or boutique hotel. Sonoma Forge's artistry and attention to detail is supplemented with innovative technology in models offered with **Sans Hands**, our exclusive sensor faucet technology.

All Sonoma Forge products are handcrafted and assembled by artisans dedicated to forging the finest, most extraordinary products on the market. For more information about Sonoma Forge, call 1-800-330-5553 or visit www.sonomaforge.com.
