## Sonoma Forge Offers Range of Coordinating Drains

Shower, lavatory, and kitchen drains continue the rustic, industrial feel of the manufacturer's classic product lines

**(Petaluma, CA, July 22, 2021)** Sonoma Forge is renowned for its industrial-inspired faucets and fixtures that are hand-forged to create a beautifully raw and rustic effect. Because coordinating accessories are essential for completing their coveted trademark look, the company presents a selection of coordinating drains for the kitchen and bath. While emulating Sonoma Forge's aesthetic, the drains were designed to retain functionality and performance. Plus, the products are available in custom finishes to coordinate with the company's unique faucets.
