WingNut Series bar faucet

“A stunning addition to any sink, WingNut brings a bit of rustic country to contemporary urban flair. The faucet’s eye-catching aesthetic is the perfect statement piece for a bar or prep sink, transforming a sometimes-humble area of the room from an afterthought to designer showpiece.”

areas. Like the company’s other fixtures, WingNut elevates humble industrial elements to designer status. The faucets feature gracefully arched paddle handles flanking a deep square spout with a flared end reminiscent of metal piping.

The WingNut single-hole, deck-mounted bar faucet comes in a fixed or swivel square spout option that extends 9-1/2 inches over the sink, lending practical function to bar prep tasks. Whether it’s an additional food prep area that’s part of a chef’s kitchen, custom beverage center in a rec room or an outdoor space to washup while grilling out, the stylish and ADA-compliant WingNut faucet is the perfect addition. WingNut is available in all of Sonoma Forge’s standard finishes including Satin Nickel, Rustic Nickel, Rustic Copper, Oil-Rubbed Bronze, and Matte Black.

WingNut’s traditional bath lav and kitchen faucets also come in a fixed or swivel gooseneck spout model, also available in Sonoma Forge’s standard finishes.
