Sonoma Forge Adds Foot Washes to WaterBridge Line

Six new fixtures bring convenience and rustic industrial style to residential and resort exteriors.

(Petaluma, CA, Feb 1, 2024)

Sonoma Forge, manufacturer of hand-forged bath fixtures inspired by humble plumbing parts, has added six **Foot Wash** fixtures to its WaterBridge collection. Well-suited for homes and resorts in warm climates, particularly those near the beach, the foot washes provide convenience while lending rustic industrial styling to the exterior.

As part of the **WaterBridge Collection**, the foot washes' designs emulate rustic raw materials for a beautiful effect. The new fixtures—a wall-mount foot wash, a wall-mount foot wash with handshower, and a deck-mount foot wash (each with a choice of bamboo-inspired waterfall spout or spray spout)—come with a single bar-style handle.

“Like many of our products, the new cold-only Foot Washes began as a custom offering, particularly in warm climate locales such as California, Florida, Hawaii, Mexico, Central America and the Caribbean, where hot water is not necessary. The fixtures became so popular that we’re proud to now include them as a standard part of the WaterBridge line.”

Forged in the USA, the Foot Washes come in Rustic Nickel, Rustic Copper, Satin Nickel, Oil-Rubbed Bronze, and Matte Black finishes, as well as many others on a special order basis.
