## **Sonoma Forge Uncorks the Cuvée Kitchen Faucet**

Reflecting California's storied winemaking tradition, the Cuvée collection blends form, function, and fine craftsmanship into one refined design

**(Petaluma, CA, February 24, 2026)** Just as winemakers blend varietals to achieve an ideal cuvée, Sonoma Forge has refined the kitchen faucet—harmonizing thoughtful design, everyday performance, and meticulous craftsmanship into a single, elegant statement. With offset lever handles and a prominent arching spout, **Cuvée's** balanced silhouette feels both rustic and sophisticated. An optional side spray adds versatility while a wide range of finishes and spout sizes allows for personalized expression across kitchen, bar, and bath applications.

“Like a beautifully balanced wine, Cuvée is about harmony. Every curve and proportion has been carefully considered, blending strength and refinement into a design that only gets better with time.”

—Erik Ambjor, Sonoma Forge President

Forged in America, the Cuvée Collection showcases Sonoma Forge’s signature artisan character, thoughtfully designed for today’s luxury kitchens where authenticity and beauty take center stage. Sculptural yet purposeful, Cuvée’s muscular presence elevates the sink area into a refined statement of craftsmanship.
